Re: COVID-19 Pandemic Updates
2020/03/18

Please be advised, due to the severe nature of COVID-19 and the rapid spread through our communities, there is the possibility that Trican Masonry could be forced to shut down until the pandemic has been resolved. We are going to strive to keep our offices open for as long as possible during this pandemic and will continue working as long as the builders and suppliers remain open.

The health and safety of you, our staff is of utmost importance to us. We are asking that you do not report to work if you are unwell, have travelled outside of the country recently, or if you have to care for someone who is unwell or has travelled recently.

Please continue to do your best in contributing to the health and safety of everyone on site by:

- Washing your hands thoroughly and often
- Cover your mouth and nose with your arm when coughing and sneezing
- Avoid touching your eyes, nose, or mouth with unwashed hands
- Wear gloves and dust masks at all times on site

If you have any questions or concerns, please do not hesitate to contact one of our supervisors - Geraldo Lino (416-833-3545) or Jaime Neves (416-432-4465) or call us at the office (905-278-7800).

Thank you,

David Lachapelle
Vice-President
